Education Week – "The Heart of Our Communities".

Here at Camilla School, the heart of our school and community lies with our families and how closely connected many students are (cousins, neighbours, siblings). Each school family was asked to decorate a 4"x4" wooden tile that represents the family and clearly illustrates the family name. These tiles will be decorated by each family and will eventually be used to compile one large mosaic representing ONE school community. Tiles have been sent home, one per family. If you did not receive a tile please give the school office a call. If you have not returned your decorated tile please send it in to school as soon as possible.

May 11th, 2010 @ 7:00 pm in the Library

Camilla School Advisory Council Mission Statement:

Our mission is to enhance and support the educational experience of students at Camilla School

The School Advisory council (SAC) is an elected council of parents, teachers, and community representatives who ADVISE the Principal and School Board on a variety of issues. Some topics of discussion may include:

- *Academic achievement and assessment*
- *Programs offered/Curriculum Outcomes*
- *Facility Enhancements and Expansion*
- *Promoting School Spirit*
- *Parent Education*
- *Discipline/Healthy Interactions*
- *Report cards*
- *Field trips*
- *School budget/fiscal management*

NOMINATION FORMS HAVE BEEN SENT HOME—IF YOU WOULD LIKE TO RECEIVE ANOTHER ONE PLEASE CALL THE SCHOOL OFFICE OR DOWNLOAD A COPY OFF OF OUR WEBSITE: www.camillaschool.ca

Improving/enhancing communication with parents/community via school website, Camilla Connection Newsletter, Parent Board in lobby, and School Sign

The SAC is also currently a member of the Alberta School Council's Association (ASCA), which is a Provincial association for parents on school councils. ASCA is recognized as the VOICE OF PARENTS in public education. Parents influence legislation, policies, and program changes through ASCA committee representation. Our school council has the opportunity to provide input in this process at the ASCA Annual General Meeting and conference held in April each year.

What is involved in being an SAC member?

Monthly meetings generally held on the second Tuesday of the month at 7:00 pm in the library (usually 2 hrs in length)

Other school events that SAC has been involved in:

- Welcome back coffee on the first day of school in September**
- Welcome Back Evening/Meet the Teacher Night in September**
- Annual Teacher Appreciation Event**
- Literacy Week Events**
- Parent Teacher Interviews in March to promote annual elections**
- Annual Plant and Bake Social in conjunction with the used Book Fair**
- Parent information nights or Guest Speakers hosted by SAC**

Please note that the above outlines activities council has previously been involved with. However, council members do not need to be involved in all activities. Members can pick and choose events to participate in based on their interests and availability. Further, every year is unique as each year the new council will vote on the activities for the current year.

Please consider joining the SAC team. It is a great way to become informed, involved, and to influence and enhance our children's education!

Next FOC meeting— May 11, 2010.

Next year, we would like to have a minimum of one parent representative per grade for a total of ten. However, the more the merrier! Everyone is welcome to attend and offer suggestions! The dates for next year's meetings will be set at the June meeting.

Update from Friends of Camilla

PLASTICS & RECYCLING

PLASTICS LABELLED #7 IN THE RECYCLING SYMBOL (many reusable “sport” water bottles, metal-lined containers (such as those used for some baby formulas and cocoa powder), 19-litre/ five-gallon water bottles, and most plastic baby bottles)

CONCERNS

Bisphenol A is a suspected hormone disrupter and has been found to stimulate prostate cancer cells. A preliminary investigative report from Health Canada is due this May

NEXT STEPS

Replace plastic baby bottles with glass, and water bottles with stainless steel or those made of high-density polyethylene-labeled #2 in the recycling symbol. (Off note: Last December, Mountain Equipment Coop stores withdrew the #7 bottles and food contains from its shelves, and Lululemon stores are phasing out plastic bottles.)

WHAT IT CONTAINS

Polycarbonate, which may contain bisphenol A.

PLASTICS LABELLED #1 IN THE RECYCLING SYMBOL (TYPICALLY WATER AND SOFT-DRINK BOTTLES)

WHAT IT CONTAINS

Polyethylene terephthalate.

CONCERNS

The bottles are considered safe but are intended for single use only; they should not be reused because they may have picked up bacteria from the first use.

NEXT STEPS

Use only once (and then, of course, recycle!). Even if you wash them, you cannot be sure they have been properly sanitized.

PLASTICS LABELLED #1, #2, #4 AND #5 ARE SAFER THAN THOSE LABELLED #3.

PLASTICS LABELLED #3 IN THE RECYCLING SYMBOL (often used in backyard furniture, shower curtains, toys)

WHAT IT CONTAINS

Polyvinyl chloride (PVC), which often contains softeners called phthalates.

CONCERNS

PVC releases toxic chemicals during its manufacture. Phthalates, for their part, can

damage the liver, kidneys and reproductive systems. As suspected endocrine disrupters, they mimic hormones and may interfere with children’s growth and development. In 1998, Health Canada concluded that phthalates are potentially risky to infants who chew or suck on vinyl products.

NEXT STEPS

Avoid PVC products and plastic toys, which young children might suck or chew. Look for plastics labeled #2, #4 or #5, which are not endocrine disrupters.
