## Camilla Connection

January 10, 2017

Happy New Year Everyone!

Welcome back to school! I trust the break from school was good for everyone.

As you come in to the school you will see the art exhibit in the front foyer from four professional artists. Please enjoy the works of four artists each from different artistic backgrounds. We will have the exhibit for two weeks.

As we all become more dependent on our personal technology for our day to day operations, so do our children. Camilla School is happy to host a session for parents entitled **“Cyberworld” on January 25, @ 6:30pm** at Camilla School. This presentation is provided by Saffron Counselling services -- An internet awareness presentation for adults to bring us up to speed on what’s happening in the online world. We will cover the pros and cons of the most popular social media apps, the importance of privacy settings, parental control options, online bullying, sexting, and more. We will also spend time discussing teen brain development and how this influences their online decisions. Please join us!

Also coming in early February, our SAC is hosting a family “GLOW” dance on Friday February 3<sup>rd</sup> at Camilla School. We look forward to having some fun together busting a move! Please see the attached information.

In the coming months, all students from Grades 4 through 9 will be participating in “Our School Survey”. The students will be given class time to complete the survey. In addition, all parents of grades 4 and 7 will be receiving a survey from Alberta Education. It is important that these surveys are completed and returned in a timely manner. We thank you in advance for your cooperation in the survey. We review the feedback each year.

We are looking forward to the next segment of our school year!

Have a wonderful January and stay warm!

**Our unique programs offer opportunities for every student to explore and enjoy.**

At Camilla, we believe that children need the proper atmosphere in which to grow, learn, and discover their distinctiveness. In our classroom we want to provide a safe place where children feel comfortable enough to experiment with learning, where they are not afraid to make a mistake and try again, where they feel encouraged to challenge themselves and have the desire to learn. In our classroom we recognize that every person is lovable and capable. Every person is unique. We want to learn about each other, help each other out and appreciate each other. We all have special qualities that we bring to the classroom. It is our goal to help each child continue to develop as a confident, thoughtful and well rounded person. If you have any further questions call the school @ 780-939-2074.
