## Safe & Caring School

For the safety of our students all visitors must enter through the front doors of the school. During school hours all other doors are locked.

## Visitors & Parking

**Please note:** the bus lane needs to be free from all traffic during the morning when buses unload (8:15 to 8:35 am) and end of the day bus loading times (2:45 to 3:15 pm). Please do not drive through, pick up or park in the bus lane during these times. Parking is available in the large parking lot at the south end of the school (by the school sign). Only vehicles with a handicap parking tag are allowed to park in the handicap parking stalls.

## Students Leaving the School

To ensure the safety of our children, students leaving the school for any reason during school hours must sign out at the school office. Children will only be released to their parents or guardians. Should an alternate drop off, pick up, etc. be necessary parents must state their request in writing and send it to school with their child.

Sturgeon Public Schools Emergency Preparedness Program:

Schools are considered to be one of the safest places in our communities. However, in reality, an emergency can occur anywhere at any time. DURING ANY EMERGENCY, OUR FIRST PRIORITY is the safety of our students and staff. In order to provide an effective response to any school crisis, Sturgeon Public Schools has recently updated the Emergency Response Plan. The updated Plan continues to work in conjunction with other local emergency plans, since a school emergency could require the involvement of numerous agencies. The plans created for individual schools, along with the Division Plan, are reviewed annually and after an emergency occurs. There is an on-site emergency response team at each school, along with a Division-based Emergency Response Team that provides support and aid to schools at time of an emergency. All staff is regularly trained on emergency protocols and drills are practiced at each school.

Although standardized protocols and procedures provide the basis for our response, the way in which we respond to an emergency is greatly influenced by the specifics of an incident. We are driven foremost by our concern of ensuring student and staff safety.

Our Division collaborates closely with local emergency personnel to ensure plans are coordinated with appropriate agencies. The Division's plans do not replace the authority of law enforcement, fire or EMS – staff members work in full co-operation with these agencies.

We appreciate your support and assistance in our continued safety efforts.

### Keeping Safe

THROUGHOUT THE YEAR, STURGEON PUBLIC SCHOOLS CONDUCT TRAINING AND DRILLS to help better prepare students and staff for possible emergency situations. When a school is confronted with an emergency, staff will assess the situation and then decide on a course of action.

Schools conduct drills throughout the year to rehearse emergency procedures. These exercises prepare students and staff to act quickly and help to minimize a child's fear during a real emergency.

In addition to the procedures described below, schools also practice protocols such as "Drop-Cover-Hold," a method of protecting vital body parts during some natural disasters, and conduct fire drills. All staff and students are required to participate in these drills.

### Lock-Down

Lock-Downs are usually used in response to acts or threats of violence to students and/or staff directly impacting the school. During a Lock-Down all doors to and within the school are locked. No one is permitted in or out of any area once it has been locked. Students and staff must respond very quickly to a Lock-Down command to get to a safe location before doors are locked. **No one, other than law enforcement, is permitted access to the building until the Lock-Down is over.**

### Hold and Secure

Hold and Secure is used in response to security threats or criminal activity outside the school. During a Hold and Secure, all entrance doors to the school are locked, with no one permitted in or out of the building. **No one, other than law enforcement, is permitted access to the building until the Hold and Secure has been cleared.**

### Shelter-in-Place

Generally, Shelter-in-Place is used during an environmental emergency, such as severe storms or chemical spills. During a Shelter-in-Place, students and staff retreat to safe zones to seek shelter. This includes having students or staff who are outdoors come back into the school. Each school's emergency response plan identifies the safest location for its occupants and how to seal a room from hazardous conditions. **Students will not be released or dismissed until the situation has been resolved.**

### Evacuation

An Evacuation requires all students and staff to leave the school and go to an alternate location. This may mean only going outside and away from the building until it is safe to re-enter the school. In other cases, students and staff may need to go to an evacuation center. Parents will be informed of the alternate location through the school's Crisis Notification Network.

### Dismissal

Under some circumstances it may be determined that it is best to dismiss students to their homes and families as expeditiously as possible. Should this be the case, every attempt will be made to alert the emergency contact for each student of the situation and to ensure young students are not left unsupervised.

### Reuniting with your Child

WE RECOGNIZE THAT WHEN AN EMERGENCY OCCURS parents will be worried and want to be reunited with their child as quickly as possible. It is our intention to make this happen, however, to ensure every child's safety and the safety of staff, specific procedures have been established for releasing students. These procedures may be modified depending on the circumstance.

Parents are asked to adhere to the parent-child reunification procedures listed below. Staff will work hard to ensure these procedures take place without delay. However, please understand the process will take some time: we ask for your patience when you arrive at the Parent-Child Reunion Area.

#### Parent-Child Reunion Procedures

1. A Parent-Child Reunion Area will be established. Parents will be notified at the time of the emergency of the Reunion Area's location. The location may not be at the school — the location will depend on the specifics of the emergency.
  2. Students will only be released to an individual designated as legal guardian or emergency contact on the student's Emergency Form, which is completed at time of school registration. Please be sure to keep this information current with your school, as the school will only release a child to someone listed as an Emergency Contact — there will be no exceptions.
  3. Valid identification is required to pick up your child. This is required to protect your child from any unauthorized individuals attempting to pick up students. Even if school personnel know you, you must still present I.D. as the school may be receiving assistance from other schools or outside agencies.
  4. You will be required to sign for the release of your child. This is extremely important, as it ensures your child, along with other students, is accounted for at all times. Please do not just take your child from the school or evacuation center without signing for his/her release.
  5. Once you have been reunited with your child, please leave the area immediately. This is for your own safety and that of your child.
- If you are unable to pick up your child, he/she will be kept at the Parent-Child Reunion Center until alternate arrangements can be made. Your child will be supervised at all times.

### When an Emergency Occurs

**ALTHOUGH YOUR NATURAL INSTINCTS IN AN EMERGENCY** may be to go to the school to safeguard your child, please understand that doing so could impede the response to the situation. Going to the school may interfere with emergency crews and school personnel efforts to deal with the emergency. Extra vehicles and people at the site make the task more difficult. Please follow the instructions provided to you through the communications channels outlined below. **Please do not come to the school to pick up your child unless requested to do so.**

If you arrive at the school in the midst of an emergency, please respect the protocol in progress. While we understand personal circumstances or initial reactions might move you to do something contrary to the school's established procedures, we cannot compromise the safety of students or staff to accommodate individual requests that could put anyone at risk.

Please **DO NOT CALL THE SCHOOL and DO NOT CALL YOUR CHILD'S CELL PHONE.** Parents are asked **not** to call the school or their child's cell phone during an emergency. Phone systems need to remain available for handling the actual emergency. Overloading the system may mean the school cannot communicate with first responders. Calling your child's cell phone during an emergency may be putting them at higher risk by disclosing their location or drawing attention to them during a lock-down.

### Keeping Informed during an Emergency

**DURING AN EMERGENCY,** it is unlikely you will be able to reach the school by phone. We will, however, make every effort to contact parents directly or by one of the methods noted below.

#### **Crisis Notification Network and/or the Media**

Parents will be alerted to emergency situations via the School's Crisis Notification Network (phone or electronic notifications) and local media. Stay tuned to local TV and radio stations for news alerts.

#### **Website, Social Media and Community Hotline**

The Division will also keep parents informed by posting information regarding the emergency on the Division website, through social media and **recordings on the Division Community Hotline.** Please check Sturgeon Public School's website [www.sturgeon.ab.ca](http://www.sturgeon.ab.ca) , or call 825-349-0101

### Buses and Inclement Weather Policy

Schools shall remain open to students when school bus services are suspended by the Superintendent. Parents who have brought their children to school on days when school bus services are suspended will be responsible for picking up their children at the end of the school day. On days when the Superintendent suspends school bus services, teachers shall not conduct examinations, nor introduce new material in their courses. A direct link to obtain daily bus information and cancellations is posted on the Sturgeon Public Schools website under Transportation.

Information regarding bus cancellations is also broadcast on local radio stations and is available on local media websites. A weather bulletin is also be placed on the Sturgeon Public Schools website at [www.sturgeon.ab.ca](http://www.sturgeon.ab.ca) or [www.sturgeontransport.ca](http://www.sturgeontransport.ca). The final decision to send a child to the bus stop or to school rests with the parents, even though buses may be operational.

If road conditions warrant or in the event that students are sent home early buses may bring students home without prior notification. PLEASE ARRANGE FOR A SAFE PLACE FOR YOUR CHILD TO GO if this happens and if there is not normally someone at home. Please ensure that you have filled out and returned to the bus driver the Student Emergency Card given to you at the beginning of the year and that you update the bus driver with any changes in your emergency contact information. All students riding on school buses are required to wear winter footwear and to carry with them winter headwear and gloves or mitts during winter months. A bus driver may refuse transportation to a student who is not appropriately dressed as provided in this regulation.

Students will be kept inside the school on days when the temperature is below -25° C including wind chill. Absences by students on days when school buses do not operate whether as the result of bus failure, a decision of a contractor not to operate, or suspension of transportation services by the Superintendent, shall be deemed to be excusable.

### Student Sensitivities

When preparing your child's lunch please be reminded of our efforts to maintain Camilla School as a "Nut Sensitive" school. We request that students **DO NOT** bring nuts, peanut butter, or nut products to school. Please be reminded that eating is not permitted on buses due to the number of students that have food allergies. Also please be reminded that products like Nutella, peanut butter, granola bars (unless they are labelled nut free), and baked goods containing nuts or nut products are some examples of foods to be avoided. The website below has good information on food allergies.

<https://www.foodallergy.org/allergens/peanut-allergy>.

Please be cognizant of the types of foods packed in your child's lunch, and we will do our best to ensure that we are "Nut Sensitive". If your child carries an Epi-pen or any type of medical device or medicine to be used in case of a medical emergency please remember to check the expiration date on the medicine or device and to ensure that your emergency contact information kept at the school is updated regularly.

### Attendance Policy

Regular attendance and punctuality is a necessary component of success in school. The School Act requires that every child who is six years of age at school opening date and who has not reached the age of sixteen years must attend school.

When your child is absent, parents are asked to email the school at [camabsences@sturgeon.ab.ca](mailto:camabsences@sturgeon.ab.ca) or call the school at 780-939-2074 to confirm your child's absence.

### Healthy Interactions

Schools in Sturgeon Public Schools aim to be as open in their dealings as possible and welcome the involvement of community members, especially parents, in a variety of activities. As with all human interaction, concerns will arise. The Healthy

Interactions Program is intended to help deal with those concerns in a consistent, comprehensive and credible manner. To ensure that concerns are handled with consistency, comprehensiveness and credibility and that all steps in the process have been taken, a template has been developed. This template will be used throughout the Division and is currently available from Sturgeon Schools and on the Sturgeon Public Schools website.

The steps in the process as outlined in the template are:

- involvement of the right parties
- correctly defining the problem
- determining the interests of all parties
- generating solution alternatives
- development of an action plan
- follow-up action

For more information regarding the Healthy Interactions Program contact your local school or Sturgeon Public Schools.

\*Please note that should a parent have a concern involving the school, parents should first contact the teacher directly.

### **Parent/Guardians as Partners**

At Camilla School we highly value working with families to plan for success of all students. We encourage parents to speak directly with teachers and administration on any issues that may arise.

### **Parent/Teacher Interviews**

Parent/teacher interviews are held two times per year in November and March. Prior to parent/teacher interviews parents with children in grades K-6 can book their interview online at <https://www.schoolinterviews.ca>. Information on how to book your interview will be distributed prior to interview bookings. Please watch for this important information. Student progress is updated regularly and can be checked through the Parent Portal in Power School. Should concerns regarding student progress arise during the school year parents are encouraged to contact the teacher or the school at any time.

For this reason, ensure you label all items and be sure to lock them up at school when not in use. Every effort will be made to help students with lost or stolen items however, staff members are not responsible for these devices.

- keep passwords safe, and if someone finds out the password they will change it.

Should technology use become an issue with a student, the school will work together with the student and parents to resolve it.

### Assessment & Reporting Practices

The purpose of assessment is to gather information about student progress in order to improve teaching and learning. Information related to assessment is communicated in a clear manner to students, parents and teachers. Assessment provides students, parents and teachers with an accurate picture of student performance in relation to the goals and objectives of the Alberta Program of Studies. Camilla students may engage in three types of assessment:

**Formative Assessment** provides ongoing information to help teachers and students determine what is required to improve knowledge and skills. It can provide practice in applying, demonstrating and extending knowledge, skills, and attitudes. Some of this information is posted on the Parent Portal.

**Summative Assessment** is usually done at the end of an outcome/unit/concept. It is meant to provide information about progress and achievement. Summative assessments can also include but are not limited to projects, assignments, quizzes, performance tasks, etc. This information is posted on the Parent Portal.

**Diagnostic Assessment** is meant to provide information about a student's prior learning. It may help to identify a student's strengths or areas of concern allowing a teacher to make informative decisions about program planning for the student. Parental consent is required prior to any of these assessments and are initiated by the classroom teacher. This information is communicated to families in a parent conference. Based on meaningful and clear assessment practices, students are:

- Engaged and empowered in their learning process.
- Actively participating the assessment of their work. Assessment tasks provide them with information that they can use for self-reflection and self-evaluation. This assists students in taking responsibility for their work and in becoming life-long learners. For students to progress, they must work independently and take ownership for their learning.

**Rewrites** - Students will not normally have the opportunity to re-write major tests or re-do major assignments as these summative assessments are a measure of student learning over a period of time. However, in the event that a student's performance on a summative assessment task is inconsistent with his/her performance in the unit of study, the teacher may allow the student to re-write the test or re-do the assignment. This decision is at the teacher's discretion and there may be additional requirements that the student may have to complete prior to a re-write.

- Students may be given the opportunity to write missed summative assessments under extenuating circumstances as determined by school personnel. (ie. a death in the family, medical issues with a Dr.'s note, etc.)

### Work Not Handed in (NHI)

Teachers will assign clear deadlines and expectations for assignments and other learning activities related to their courses. Students will be responsible for these deadlines and will organize their time appropriately for the completion of these tasks. Should a student not hand in an assignment they will have their mark recorded as an NHI (Not Handed In). This mark will calculate as a "0" in their final grade until such time as they meet with the teacher to discuss any process necessary for handing in their late assignment. Should a student not write a test, the same process will be followed until such time as they do write the test. Throughout this process, the teacher will use all means at their disposal to encourage the student to complete the assignment or write the test. They may for example:

- post the NHI on the parent portal
- encourage the student to complete the assignment or test
- provide extra time/extra help if required
- call home/email home
- meet with parents

- call in the school counselor
- call in school administration
- teacher may choose to exempt the student from the task

## PYRAMIDS OF INTERVENTION

### Interventions for Student Success

The staff at Camilla School is dedicated to providing intervention strategies for students. In addition to classroom teacher expertise on differentiation and modifying curriculum the following resources are available:

- school based counselor
- school based special education coordinator
- division based special education team that includes: speech/language specialists, behavior specialists, psychologists and occupational therapists
- a solid relationship with Capital Health, Family and Community Services and Morinville RCMP

### What to do if your child needs help?

- Talk to the homeroom teacher. Express your concerns and ask for the teacher's input. Work with your child's classroom teacher to identify your child's strengths and weaknesses.
- If necessary, a referral may be made to Sturgeon Public Schools Student Services for informal/formal assessment with your consent.
- As a team, you, the homeroom teacher, and a member of the support team from student services team will determine the best possible program for your child, including modifications, inclusion and placement.
- The key to appropriate intervention is effective communication between teacher and parent.

### Homework Policy

Developing a regular study pattern and skills at an early age helps students achieve success in their schooling. A regular schedule for homework helps to develop these skills. Homework for grade 4-9 students is posted online at [www.camillaschool.ca](http://www.camillaschool.ca), select the homework tab and select your child's class.

#### Purpose of Homework

Homework can range from routine spelling and math drills to visits to local industries. Homework will depend, to a large extent, on the purpose for which it was designed.

Some of the purposes of homework are:

- to reinforce lessons taught during class time
- to give students extra drill in an area where they may need practice
- to teach students to budget their time
- to help students develop self-reliance and good study habits
- to enable parents to see their children's assignments
- to give experience in research techniques
- to strengthen the ties between home and school, particularly when parents can help in some way with assignments
- to catch up on work or assignments missed due to absences

#### Parents Can Help

There are many ways parents can help with homework. These include:

- providing a quiet, regular place to work, helping their children organize their time for assignments
- being the "audience" for reading practice and spelling and math drills
- providing information and knowledge for projects
- using the "agenda" to check for homework and communicate with the teachers

The support and interest of parents will have a large influence on students' attitudes toward homework. If you have questions about the assignments your children are bringing home, don't hesitate to talk to their teachers.

The actual time required for homework will vary with: the grade level; the student's ability; and the student's use of class time.

Homework Due to Absence – Short absences (1-2 days) do not usually require parents to request and pick up homework, unless the teacher deems it necessary. Many families take holidays during the school year resulting in the loss of school time. The teachers are not expected to be responsible for student catch-up for this type of absence. Parents are asked to minimize these absences and to help their children take responsibility for the missed work.

### Counseling Services

Camilla School offers a comprehensive school guidance and counseling program which is centered on helping individual students meet their growth and developmental needs – educational, personal, social and career. Delivery of these programs is collaborative and multidisciplinary, involving the school counselor, family support worker, Alberta Health Services, Sturgeon County and Sturgeon Public School Division, and other school staff. Program success is based on a close partnership among school, home and community.

## **PROGRAMS**

### **Headstart**

The Headstart Program is offered at Camilla School and works with families and their preschool children to achieve success in learning and life. Their goal is to prepare children for a successful educational experience in partnership with their family and the Community. Headstart accepts children between the ages of 2 1/2 and 6 years of age and is offered to those who would benefit from development of speech, fine motor or social skills. Children accepted into the Headstart Program must meet the Alberta Education qualifications for funding.

### **Inclusive Education & Integrated Support Program**

Sturgeon School Division supports research that indicates students learn best when included in classrooms with peers whenever possible. All students are registered in homerooms with their peers. Teachers adapt and modify program expectations as required. Some students benefit from the support of an educational assistant at various times of the day. This support may be provided in an inclusive classroom setting or may require the students to work outside of the classroom with the educational assistant or the teacher.

### **Knowledge and Employability**

This program provides support to students in reading comprehension, writing and science, social studies and mathematics at the grade 8 & 9 level. The focus is on acquiring strong workplace skills. The program is an alternate curriculum that parallels the regular curriculum. Students can register in the K&E program at the high school level.

## **OTHER PROGRAMS**

### **Global Citizenship and Leadership**

Camilla School prides itself on developing global awareness in our students. Our strong Junior High Leadership program engages in a number of activities to raise awareness in our students about global issues such as poverty. The leadership program also focuses student attention on local issues and provides volunteer opportunity for students.

### **Character Education and Religious Instruction – Grades 1 to 6**

At Camilla school parents of students from grade 1-6 choose between Religious Instruction or Character Education for 1 hour per week. Parents provide permission for one or the other.

#### **Religious Instruction**

The program itself is ecumenical. It includes study on prayer, Christian holidays, the 10 commandments, Heaven, and values of Christian character. We also attend mass three times per year at the St. Emerence Church in RQB. Reconciliation and Confirmation is done at each of the church parishes and is not part of the programming at school. Please contact your parish for further information regarding sacramental preparation.

#### **Character Education**

Character Education is a program based on helping students develop civic responsibility, healthy attitudes and a commitment to lifelong learning. The topics include a focus on character values such as caring, courage, belonging, tolerance, responsibility, citizenship, fairness, loyalty and respect.

### **Junior High Religion Program**

The Religion program for junior high is delivered in the form of “Youth Gatherings” which is a series of 9 gatherings that will take place during school hours. The program is planned and delivered by a Roman Catholic Pastoral Assistant. Students require parent consent and must register for this program. Students who attend Youth Gathering are required to make up all missed school work. There is an additional fee associated within this program.

### **Mass**

Mass is held three times a year at St. Emerence Church. Attendance at mass is for any student at Camilla who is enrolled in our religious instruction program and for students who are registered as part of Youth Gathering. Students enrolled in Character Education are also invited to attend with parent permission.

## Enrichment

Enrichment is delivered through differentiation and on an individual basis within the classroom. Students eligible for this program must have a history of exceptional achievement, score well on standardized testing and have parent consent. The program is offered based on teacher expertise and determined school need.

[www.camillahotlunches.net](http://www.camillahotlunches.net) The lunches vary from hotdogs, to various vendors from outside the school (Edo, Chopped Leaf, Pizza, etc). We require volunteers on the delivery days for about an hour to distribute the lunches to the students. Chocolate milk and white milk are sold at the school office during the school lunch eating time for \$1.00 per milk. Milk coupons are available for purchase at the office.

## Parent Volunteers

## Volunteers in the School

All school volunteers require a criminal record check. The school will provide you with a letter completed free of charge if you go to the RCMP Detachment in your area. Please call the school if you would like a letter to volunteer.

Parents are encouraged to volunteer to help the school, both in the classroom and elsewhere. Volunteers can make many different contributions to the educational process in school. Tasks may include: reading to children and listening to them read, assisting with classroom discussions, noon hour supervision, helping with plays, demonstrating and instructing in arts and crafts, cooking for outdoor education, making charts and games, and accompanying classes on field trips.

Volunteers are asked to sign in at the office so that their contribution and attending in the school may be recorded. Volunteers wishing to offer their gifts of time and talents are asked to contact the school office or their child's homeroom teacher. School Advisory Council (SAC)
